Great Tasting Fuel for the Mind and Body!

Dear Store Manager,

My child drinks Fruit 66 at school on a regular basis and as a loyal customer, I would like to be able to purchase Fruit 66 from you for home use as well. Fruit 66 is our number one choice for a low calorie, refreshing, great tasting and highly nutritious beverage.

Below, you will find information about each flavor as well as UPC Codes to make it easy for you to request Fruit 66 from your beverage buyer for me. You can also contact Fruit 66 directly at info@fruit-66.com or call 1 866 929-0066.

Our school, staff, and parents are enthusiastic about this product and find Fruit 66 to be more refreshing and better tasting than the competition. We're asking for your support. All you need to do is carry the product we want to buy. Your community and local schools will thank you for it.

Sincerely,
